Project Name	Explore with AI: Custom Itineraries for Your Next Journey
Maximum Marks	4 Marks

Project Name: Explore with AI

Project Description: A web and mobile-based AI platform that generates personalized travel itineraries. Users enter destination, trip duration, and preferences, and the AI outputs a detailed, daily itinerary including attractions, dining, and travel tips. The platform is designed for simplicity and speed, requiring no user accounts or login.

Project Version: 1.0.0
